

DA Lab 08

- Project Title: Economic Factors Effect On Mortgage Rate.
- Group Members: Quynh Thai, Justin Rickey
- Summary of data sources: data was collected from FRED (Federal Reserve Economic Data)
- Description of Methods: inspecting, cleansing, transforming to discover useful information and make conclusions.
- Any results that you've generated so far: we are almost done with cleaning the data.
- Anticipated difficulties or roadblocks: It took me awhile to figure out how to transform the data from DD/MM/YYYY to MM/YYYY to make all the datasets the same.
